

(1) **EU-Type Examination Certificate**

- (2) Equipment or Protective Systems Intended for Use in Potentially Explosive Atmospheres – **Directive 2014/34/EU**
- (3) EU-Type Examination Certificate Number:

TPS 25 ATEX 130371 0004 X Rev. 00

- (4) Equipment or Protective System: aXtion Extreme for iPad mini
Type: HTA3021
- (5) Manufacturer: Celebree Limited
- (6) Address: 11F, No. 872, Zhongzheng Road, Zhonghe Dist.,
New Taipei City 23586 Taiwan
- (7) This equipment or protective system and any acceptable variation thereto are specified in the schedule to this certificate and the documents therein referred to.
- (8) TÜV SÜD Product Service GmbH, Notified Body no. 0123, in accordance with Article 17 of Directive 2014/34/EU of the European Parliament and of the Council, dated 26 February 2014, certifies that this product has been found to comply with the Essential Health and Safety Requirements relating to the design and construction of products intended for use in potentially explosive atmospheres given in Annex II to the Directive.

The examination and test results are recorded in the confidential reports with no. 61.500.24.016.01
- (9) Compliance with the Essential Health and Safety Requirements has been assured by compliance with:

EN IEC 60079-0:2018 EN 60079-1:2014 EN 60079-31:2014
- (10) If the sign "X" is placed after the certificate number, it indicates that the equipment or protective system is subject to special conditions for safe use specified in the schedule to this certificate.
- (11) This EU-Type Examination Certificate relates only to the design and construction of the specified product. Further requirements of the Directive apply to the manufacturing process and supply of this product. These are not covered by this certificate.
- (12) The marking of the product shall include the following:

II 2G Ex db IIC T6 Gb
II 2D Ex tb IIIC T85°C Db

Special conditions of safe use:

1. Do not open the enclosure. If the enclosure is opened at any time, the safety certification is voided, and the solution shall not be used in environments with potentially explosive atmospheres. If iPad is damaged or malfunctioning and requires replacement, contact information see user manual.
2. The I/O port shall be fully engaged after charging, and the locking lever shall be fully latched while operating in a potentially flammable environment.
3. The glass window shall be protected from high impact energy > 2J.
4. Do not charge in a potentially flammable environment.
5. CAUTION – USE FASTENERS WITH YIELD STRESS ≥ 240MPa.
6. The screws should not be removed. They may only be replaced with ones with identical specifications: SUS 304 M4x6xP0.7mm and SUS304 M4x8xP0.7mm with torque of 8kgf-cm (see maintenance).

Certificates without signature shall not be valid. The Certificates may only be circulated in full including its schedule(s).
